

Early Head Start Teacher

The Early Head Start Teacher is responsible for a classroom of children 0-3 years of age. The Teacher will work collaboratively with his/her partner Teacher to ensure the successful operation of a classroom with a total of 6-8 children. The Early Head Start Teacher, along with families and colleagues, works to achieve meaningful progress of each child along his/her own unique developmental path and toward school readiness goals. Implements developmentally and linguistically appropriate experiences appropriate to age, language and culture of children served. High School Diploma or GED, Infant/Toddler CDA with at least 120 training hours in Infant/Toddler content plus at least 480 hours of experience working with infant and toddlers. Associates or Bachelor's Degree in Early Childhood Education or related field with experience preferred. Bilingual (Spanish/English) desirable. Understanding of the infant-toddler development as well as age-appropriate expectations for pro-social behaviors. Demonstrated computer literacy skills, using MS Office applications and other basic data systems including internet navigation. Must be honest and dependable. Must maintain CPR and First Aid Certification. Ability to respond appropriately to the cultural differences present among the agency's service population. Ability to communicate effectively, verbally and in writing. Must have valid driver's license which meets the requirements of the agency's insurance carrier. Full-time with benefits.
